FREE RESOURCE FOR FLORIDA CONTRACTORS

SUB BID COMPARISON SHEET

Level sub bids against the same scope lines and the same quantities, so you compare like with like. Fill the quantity column from your takeoff before the bids come in.

SCOPE LINE	QTY (TAKEOFF)	UNIT	BIDDER A INCL.?	A PRICE	BIDDER B INCL.?	B PRICE	BIDDER C INCL.?	C PRICE
Exclusions listed								
Bid date / validity								
Total (leveled)								

Mark each line Y / N / "allowance". A bid that's low because it excludes a line isn't low. Add the missing line at your own number before comparing totals.

Template only. No pricing advice. StructConsultPro provides quantity takeoff services only. Sealed drawings, engineering judgments, and any work that requires a licensed Professional Engineer are outside our current scope and must be performed by a separately engaged licensed professional.
